

Priyadarshini K

Research Scientist, Sony Research
priyadarshini.kumari@sony.com
<https://priyadarshini-k.com/>

RESEARCH INTERESTS

Multimodal learning, Data-efficient machine learning, Distributed machine learning, Active and transfer learning

My research is motivated by the goal of *modeling* and *synthesizing* a multimodal system using ML tools. To achieve data efficiency, I also work on developing *active and transfer learning* algorithms for data-scarce domains, including biomedical, computer vision, natural language processing, and AI for science applications.

APPOINTMENTS

- | | |
|---|---------------------|
| – <i>Research Scientist, Sony Research</i> | Sept 2021 - present |
| – <i>Project Research Engineer, IIT Bombay</i> | Aug 2015 - Dec 2015 |
| – <i>Risk Analyst, CitiCorp Service India Ltd, Pune</i> | Jul 2013 - Oct 2014 |
| – <i>Research Associate, IIT Bombay</i> | Jul 2010 - Jun 2013 |

EDUCATION

Indian Institute of Technology Bombay Ph.D. in Electrical Engineering Thesis: <i>Label-Efficient Distance Metric Learning</i> Advisor: Prof. Subhasis Chaudhuri and Prof. Siddhartha Chaudhuri	2016 - 2021
--	-------------

Indian Institute of Technology Bombay Masters in Electrical Engineering Thesis: <i>Multimodal Rendering of 3D Objects at Different Scales</i>	2011 - 2013
--	-------------

AWARDS AND HONORS

- TCS Ph.D. Research Fellowship for 4 years (2016 - 2019)
- Qualcomm Innovation Fellowship Finalist, 2019
- Department Excellence in Teaching Assistantship (TA), 2018
- Recipient of MHRD PhD Fellowship 2016
- Recipient of MHRD Post-Graduate fellowship 2011

MASTERS THESIS

Multimodal Rendering of 3D Objects at Different Scales

- **Summary:** Developed a **multimodal rendering** technique to synthesize a combined *hapto-visual-auditory* perceptual experience of interaction with 3D model of objects. The goal of this project was to provide access to the heritage objects to visually-impaired people.
- **Domains involved:** Image Processing, Computer Graphics, Computer Vision, Haptic Signal Processing.

PROFESSIONAL ACTIVITIES

- Area chair for WiML workshop @ NeurIPS 2022
- Session chair for ECML-PKDD 2021
- Reviewer: IEEE World Haptic Conference, ECML-PKDD, IJCAI, Eurohaptics, ISMAR

TEACHING

Wavelet	[Spring 2020]
Computer Vision	[Spring 2016, Spring 2017, Spring 2018]
Statistical Signal Analysis	[Fall 2019]
Digital Signal Processing	[Spring 2019]
Signals and System	[Fall 2017, Fall 2018]
Communication Lab	[Fall 2016]
